

ProgView

High Performance, Effective
and Easy To Use Network
Administration Tool

For
Monitoring
Intranet
Pcs

ProgView is a revolutionary Award winning software that displays the Reports and Data Log of all the activities taking place on the Client PCs in the network on your monitor at a time. Progview is a completely TCP/IP based Intranet PC Monitoring Software that generates Reports and Logs based on Date / Shift / PC / Programs.

The screenshot shows the ProgView software interface. At the top, there are tabs for 'Logs' and 'Report'. The 'Report' tab is active. Below the tabs, there are four filter sections: 'Start Date' (with 'ALL' and 'Fri, 24-Feb-2006' selected), 'Shift Timings' (with 'ALL', '00.00 to 07.30', '07.30 to 15.30', '15.30 to 23.00', and '23.00 to 24.00' options), 'User' (with 'ALL', 'MTNL on NEPTUNE', and 'SAM on HOME' options), and 'Program Title' (with a list of programs including 'Indian Products, Wholesale Proc', 'Microsoft FrontPage', 'MSN Search: www.samtecindia.c', 'Plastic Packaging Machines - Plas', 'plastic sealing machines mumbai', and 'Print'). A 'Details' checkbox is checked, and a 'Preview' button is visible. Below the filters, the report header shows 'Fri, 24-Feb-2006 Shift: 07.30 to 15.30 User: MTNL on NEPTUNE'. The main table displays program activity with columns for 'Program Title', 'Active Time [HH:MM]', and 'Idle Time [HH:MM]'. The table lists various programs and their active and idle durations. At the bottom, a 'TOTAL' row shows a total active time of 00:40 and a total idle time of 00:55.

| Program Title | Active Time [HH:MM] | Idle Time [HH:MM] |
|---------------------------------------------------------|---------------------|-------------------|
| Inbox - Outlook Express | 00:30 | 00:55 |
| plastic sealing machines mumbai - Google Search - Micr | 00:01 | 00:00 |
| Plastic Packaging Machines - Plastic Packaging Machine | 00:01 | 00:00 |
| Ads by Google - Microsoft Internet Explorer | 00:01 | 00:00 |
| estlic.txt - Notepad | 00:01 | 00:00 |
| http://www.samtecsoft.com/demo/estdemo.zip - Microsoft | 00:01 | 00:00 |
| Microsoft FrontPage | 00:01 | 00:00 |
| sai impex.doc - Microsoft Word | 00:01 | 00:00 |
| SAMTEC - Custom Application Development - Microsoft Int | 00:03 | 00:00 |
| T O T A L [HH:MM] | 00:40 | 00:55 |

Application Areas

- Home PC
- Small, Medium & Large Corporates
- Schools, Colleges, Libraries, Computer Institutes
- Share / Stock Brokers
- Call Centers
- Hospitals / Nursing Homes
- Banks / Financial Institutes
- Any organization where PC usage is of critical importance

ProgView helps you to

- Monitors the activities of all the employees
- Reduce insider threat to Programs & Data
- Protect proprietary & confidential information
- Reduce embezzlement & fraud
- Reduce corporate liability
- Increase productivity
- Identify and reduce computer misuse

ProgView LOGGING

ProgView is an activity recording software that records all the Activities / Applications taking place on all the computers in the network. It records all the Activities taking place every second and prepares detailed Logs and Reports.

Report gives the details of total Active and Idle Time of a particular Application being used by each User.

Log contains the details like the User PC Name, Active Program Applications used by the User, the Start Date and Time of use.

ProgView is a completely TCP/IP based Intranet PC Monitoring Software.

Advanced Features

Progview consists of two components viz.

- CLIENT component that is to be installed on each PC whose activities are to be monitored by the SERVER. The CLIENT runs completely hidden and cannot be detected / uninstalled by the users.
- SERVER component that can be installed on any PC in the network from where the other Client PC's activities are to be monitored.

The SERVER component allow you to,

- Spy on the list of software running on the remote PC and see in real time how user switches between or runs applications
- Generate reports & logs of all applications used on individual machines in the network user wise.
- Record the Total Active Time and Idle Time of the various Applications running on the Client's PCs.

Price Info

1 Server & 6 Client Components : RS. 5,000*
Each additional Client Component : RS. 500*

Payment: 100% advance by DD in favor of **"SAMTEC Solutions (P) Limited"**
Payable at Mumbai

Support: Free for the first six months via telephone / fax / email
* 4% VAT / CST extra

System Requirement

OS: Win 9X/2000/XP/NT
RAM: 128 MB or above
Processor: Pentium or above
Monitor: VGA or higher
